Re: Wellington Coal Cleaning Plant
Technical Revision No. 1
Stipulation 9-29-83-1-TP

Dear Mr. Smith:

Stipulation 9-29-83-1-TP was written based on the assumption that soil from the diversion embankments would be used in reclamation. Since this is a permanent diversion structure, it will not be possible to remove the embankments at the time of reclamation. The reclamation plan submitted as part of the Operation and Reclamation Plan lists sources for sufficient soil to provide a cover over all necessary areas.

It is therefore requested that Stipulation 9-29-83-1-TP be cancelled.

Sincerely,

R. E. Yourston
