Dear Mr. King:

Re: Wellington Preparation Plant, ACT/CO7/012, #2, Carbon  
County, Utah

The Division has found that Kaiser Coal Corporation has met all requirements for a permit transfer as required under UMC 788.18 subsequent to the sale of the Wellington Preparation Facility to Kaiser by U. S. Steel. The request for a mining and reclamation permit transfer for the Wellington Preparation Plant from U. S. Steel to Kaiser Coal Corporation is hereby approved.

Kaiser Coal Corporation is now responsible for all prior commitments relating to this operation previously made by U. S. Steel Mining Company, Inc. U. S. Steel may now petition the Division of Oil, Gas and Mining for bond release relating to the Wellington Preparation Plant. If you are desirous of achieving bond release, would you please notify the Division and in such correspondence indicate the name and address of the surety company holding the bond and the amount and the bond number. The Division of Oil, Gas and Mining can then notify the surety company to proceed with bond release. Should additional information be required, please contact Susan Linner, Division of Oil, Gas and Mining.

Sincerely,
