Dear Mr. Smaldone:

Re: DOG M Withdrawal of PAP Amendment, Request to Revise Groundwater Monitoring Program, Kaiser Coal Company, Wellington Preparation Plant, ACT/007/012-86A, Folder #3, Carbon County, Utah

On March 3, 1987 the Division sent a deficiency response letter to Kaiser Coal Corporation regarding the PAP amendment request referenced above (copy attached). A response was requested by March 27, 1987 to the Division's technical review. To date, Kaiser has failed to provide any response to our letter. Therefore, the Division must assume that Kaiser no longer wishes the Division to consider this proposal. The Division hereby withdraws the request for permit change and has deleted this amendment from our permit tracking system. Should the operator wish the Division to reconsider this amendment, then a new application will be required.

Should you have questions or need additional information, please call me or John Whitehead, at your convenience.

Sincerely,

D. Wayne Hedberg
Data Management Coordinator
