Dear Mr. Schwehr:

Re: Proposed Coal Rules Revision and Reformat, Kaiser Coal Corporation, Wellington Prep Plant, INA/007/012, Folder #2, Carbon County, Utah

During the October 20, 1988 Wellington Preparation plant site visit, you requested a copy of the proposed coal mining rules. A copy is enclosed. We discussed in the field that the proposed coal rules revision and reformat was nearing completion. A final coal rules draft document is being prepared for submission and approval to the Utah Board of Oil, Gas and Mining and the Office of Surface Mining. At this time you should know that the coal rules copy that is being sent to you has not received final approval.

Please feel free to call if I can be of further service.

Sincerely,

A handwritten signature in cursive script that reads "Harold G. Sandbeck".
