RE: Approval to Commence Construction of Sediment Control Facilities, Wellington Prep. Plant, Genwal Coal Co., ACT/007/012, Folder #2, Carbon County, Utah

This memo documents the conversation between myself and representatives of Genwal Coal Company on 10/13/89. Approval was given to commence construction of the sedimentation pond at the Wellington site. The work is to be limited entirely to currently disturbed areas. No machinery or work is allow on undisturbed areas. The sediment pond construction is to be supervised during construction by a registered professional engineer. Work is likely to commence on Saturday, October 13, 1989.
