Dear Mr. Haddock:

This is a letter to formally request a submittal extension for updated maps and operation design details on behalf of Castle Valley Resources, Inc. (Genwal Coal Company), Wellington, Utah to December 28, 1990. The delay is due to reorganization of: company functions, personnel responsibilities and consulting teams as explained in previous meetings with your division.

Please contact myself or Jon Passic should any problems with this request arise.

Sincerely,

A handwritten signature in cursive script that reads "Patrick D. Collins".
