Dear Mr. Manzanarez:

Re: Denial, Slurry Fines, Removal Amendment, Castle Valley Resources, Wellington Preparation Plant, ACT/007/012-89C, Folder #2, Carbon County, Utah

On December 20, 1989, the Division received an amendment requesting approval to remove coal fines from the Wellington Preparation Plant slurry cells. The amendment was reviewed and a deficiency letter was sent on January 23, 1990, requesting additional information. As of this date, the deficiencies have not been adequately addressed. Consequently, the Division hereby denies the above-referenced amendment.

The Division is willing to review any proposed change to your plan. If Castle Valley Resources is still interested in pursuing this amendment, you may want to correct the deficiencies and resubmit your request at some future time.

Please feel free to call me if you have any questions.

Sincerely,
