Dear Mr. Haddock:

Enclosed please find the seven (7) additional copies requested by the Division of the "Wellington Fines Removal: Application For Permit Amendment and Response to the Deficiencies". These enclosed documents are exactly the same as submitted separately at an earlier date to the Division.

Because of the confusion earlier about which MRP to submit amendments, I have made this amendment insertable to the existing ("old") MRP. If you would like us to also draft something for the updated ("new") MRP, please let me know - plus how many copies to make.

At any rate, please look this over and let me know if it's is acceptable as is or if it needs some changes.

Sincerely,

Patrick D. Collins, Ph.D.
Environmental Consultant
