Dear Mr. Haddock:

Enclosed please find two (2) copies of the September 1, 1991 submittal for CASTLE VALLEY RESOURCES, INC. This submittal includes updated ORP information including new maps.

The information given contains new maps pertinent to studies for this submittal and other previous submittals. With this information, some maps in the ORP will now be outdated or non-functional. Instructions for removal or replacement of these maps are included, but we will be there to help with this. Updated "Table of Contents and Master Outline" plus an update "List of Drawings" are also included.

Although this submittal focuses on 1) pertinent maps, 2) legal and financial ownership information, and 3) hydrologic information, several other pages have also been updated to reflect new studies and information. Instructions for insertion of these pages are also included.

If you have any questions, comments or other concerns, please get hold of me or Mr. Jon Passic.

Sincerely,

Patrick D. Collins, Ph.D.
