Dear Mr. Childs:

Re: Approval, Temporary Spoil Storage Area, Genwal Coal Company, Wellington
Prep Plant, ACT/007/012-91B, Folder #3, Carbon County, Utah

The submittal received on June 28, 1991, regarding the above noted permitting action was reviewed and found to be complete and adequate by Randy Harden, Senior Reclamation Engineer, of the Division's technical staff. The submittal was in response to requirement for spoil disposal at the Crandall Canyon Mine.

The Division hereby approves the above referenced action. Please note that this approval is for temporary storage only. A permanent disposal area must be addressed in the MRP currently being prepared for the Wellington area. Please submit ten (10) copies of the Temporary Spoil Storage Area amendment, insertable to the MRP, by August 2, 1991. Thank you for your cooperation in resolving this matter.

Sincerely,

A handwritten signature in black ink that reads "Daron R. Haddock".
