DIVISION OF
OIL GAS & MININGRE: Castle Valley Resources -- Wellington Preparation
Plant Permit Transfer ACT/007/012, Carbon County,
Utah

Dear Sharon:

Thank you for your assistance in responding to stipulations regarding the Wellington Preparation Plant Permit Transfer Application ("Application"). We have contacted Castle Valley Resources and Genwal Coal Company and have clarified that Genwal is a surface owner of record. In addition, as you are aware, we have retained Paul Anderson to prepare a surface ownership map to complete the Application. Enclosed as follows is our response to the stipulations:

Stipulation R645 (613) 301-112.500 - Name and Address of Each Legal or Equitable Owner.

Enclosed are 10 replacement pages for the Operation and Reclamation Plan ("Plan") which have been corrected to show all legal or equitable owners of record. This section of the Plan references a land ownership map drawing E9-3341A and we have provided 10 copies of the surface ownership map for inclusion in the Plan.

Stipulation R645 (614-301-116 - Permit Term.

Enclosed are 10 replacement pages for the Plan identifying the permit renewal date as December 10, 1994. In addition, the Annual Report and letter dated April 3, 1992 from Mt. Nebo Scientific

provided a reclamation schedule responsive to this stipulation.

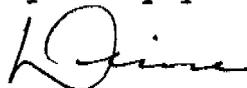

Stipulation R645 (614-301-121) - Permit Application
Format and Contents.

The surface ownership map and above-referenced replacement pages for the Plan are intended to amend and replace the permit application. Therefore, the Applicant believes that this Stipulation has been satisfied.

Finally, also enclosed for your information, are 10 replacements pages 12 and 13 of the Plan. The final notice of publication was not included in the Plan; therefore, the enclosed notice of publication should be added at page 13 to bring the Plan current.

Thank you for your assistance in this matter. Please let me know if you need anything further.

Very truly yours,

Denise A. Dragoo
