Mr. Jon Passic, Vice President
Castle Valley Resources, Inc.
P. O. Box 766
Wellington, Utah 84542

Dear Mr. Passic:

Re: Approval for moisture separation test, Castle Valley Resources, Wellington
Prep. Plant, ACT/007/012, Folder #2, Carbon County, Utah

Your request for conducting a one-time test on an air blowing moisture separation process at the Wellington Prep. Plant was received at the Division offices on May 13, 1992. You are hereby approved to conduct the one-time test subject to the following conditions.

1. The process and any attendant emissions must be in compliance with Castle Valley Resources Air Quality approval Order issued by the Bureau of Air Quality.
2. A DOGM inspector will be present during the test procedure.
3. Castle Valley Resources will be required to stop the test immediately if any violation is anticipated.

Please notify the Division as far in advance of your test as possible so that arrangements can be made for an inspector. If you have any questions, please call.

Sincerely,

Daron R. Haddock
Permit Supervisor
