Dear Mr. Marshall:

Re: Remaining Deficiencies in 2nd Installment of Mid-Term Response, Castle Valley Resources Inc., Wellington Prep Plant, ACT/007/012-93B, Folder #3, Carbon County, Utah

The Division has completed a review of your submittal received on February 12, 1993, which was intended to correct deficiencies noted in your mid-term review. There still remain a few problems with your application which have not been adequately addressed. The enclosed technical memos discuss the remaining deficiencies. Please review them and provide a response by July 12, 1993.

You should also be aware that additional submittals are still required according to our established schedule. The next submittal is due on June 25, 1993. Thank you for your help in completing the permitting process. Please call me or the corresponding reviewer if you have any questions.

Sincerely,

A handwritten signature in black ink that reads "Daron R. Haddock".
