RE: WELLINGTON PREP PLANT - ASCA #4

*ACT/007/012 #2  
Copy Sharon/all*

Dear Sharon:

Attached please find the requested three copies of replacement pages for insertion in the Hydrologic Appendix concerning ASCA #4 (area located between the Clearwater Pond and the county road). The revised computations include a description of the proposed alternate sediment control measures to be used to treat runoff from ASCA #4. These pages replace sheet 9 of 22 of the ASCA computations in the Hydrologic Appendix.

If there are any questions with any of the submitted materials, or if we may be of help in anyway, please call.

Sincerely,

HANSEN, ALLEN & LUCE, INC.
