RE: Mining Activities, Wellington Prep Plant, Nevada Electric Investment Company (NEICO), ACT/007/012, Folder #2, Carbon County, Utah

Genwal Coal Company, contact Jay Marshall, had used the Wellington Preparation Plant for several years and stopped using this site in January 1995. The Wellington Preparation Plant was used as a coal loadout and stockpile facility.

US Steel Corporation, contact Bill Kirkwood, was the last company to use the Coal Washer Plant at the Wellington site. December 31, 1985, was the last time the Washer Plant was used.
