Re: Extension for Deficiency Response, Nevada Electric Investment Company, Wellington Prep Plant, ACT/007/012, Folder #2 & #3, Carbon County, Utah

Dear Mr. Collins:

This letter responds to your August 22, 1996, request for an extension of time to correct deficiencies in the Wellington Prep Plant Operation and Reclamation Plan. The deficiencies were enumerated in our July 25, 1996, Technical Analysis. An extension to October 23, 1996, is hereby granted only to the extent that it deals with items not associated with Division Order 96A and NOV N95-39-2-2. As you are aware these issues carry their own schedules and you must comply with those as established.

We look forward to receiving your response and trust that it will address the remaining deficiencies in the Wellington plan. Please call if you have any questions.

Sincerely,

A handwritten signature in black ink that reads "Daron R. Haddock".
