Dear Mr. Collins,

Thank you for meeting with Steve Demczak and myself at the Price Field Office. We appreciate your attendance in order to complete the Wellington Preparation Plant Permit side-by-side review conducted on May 7, 1996. This letter is to inform you of items determined necessary to provide the completed Mining and Reclamation Plan at the Division Salt Lake City Office and Price Field Office.

The following items were determined necessary to complete the approved plan at the Price Field Office:

*Map Exhibits G9-3511, A9-1470, D5-0163, E9-3342(2) \*, E9-3443 and, a copy of Appendix H.*

The following were determined necessary to complete the approved plan at the Salt Lake City office:

*Map Exhibits E9-3342(2) \* and a copy of Appendix H.*

\* Please note that E9-3342(2) is the same reference for two different exhibits. The map with the power lines is the one referred to here. The numbering system on this map should be changed to prevent confusion.

Thank you again for assisting the Division in this matter.

Sincerely,
