Re: Extension Request, Wellington Deficiencies, NEICO, Wellington Prep Plant,
ACT/007/012, Folder #3, Carbon County, Utah

Dear Mr. Collins:

Your request for extending the time to submit information to the Division was received on March 12, 1996. The additional copies may now be submitted by March 29th as requested, however, you should be aware that some of the deficiencies in the Wellington plan are associated with the asbestos abatement plan which is currently being handled through the NOV process. In light of this we cannot change the time frames associated with these issues. An extension is granted to April 30, 1996 for those deficiencies not associated with the asbestos.

Please call if you have any questions.

Sincerely,

A handwritten signature in black ink that reads "Daron R. Haddock".

Daron R. Haddock
Permit Supervisor
