RE: Wellington Coal
Preparation Plant "WCP"

ACT/007/012 #2
Copy Darron & Paul

Dear Lowell:

I would like to thank your staff for the response to our submittal prepared by EIS Mel Coonrod, for modification to the permit at "WCP."

In an effort to simplify the process, Mel is preparing a letter and associated maps to show the modified boundary and permit area. This, along with attachments, plates and explanation of the addendum submitted is being prepared at the request of Darron Hadock and Paul Baker who both seem to feel that the first step of the modification could be accomplished within a very short period of time.

I feel very encouraged after meeting with Darron and Paul and am planning another meeting with them once Mel's letter and documents have been received.

Thanks again for your cooperation.

Sincerely,

J.W. Scott
