RE: Remedial Action Plans for Dryer Pond (N96-41-2-1; C97-41-1-1)
 Wellington Preparation Plant (ACT/007/012)

#2 3/1 #5

Dear Mr. Baker:

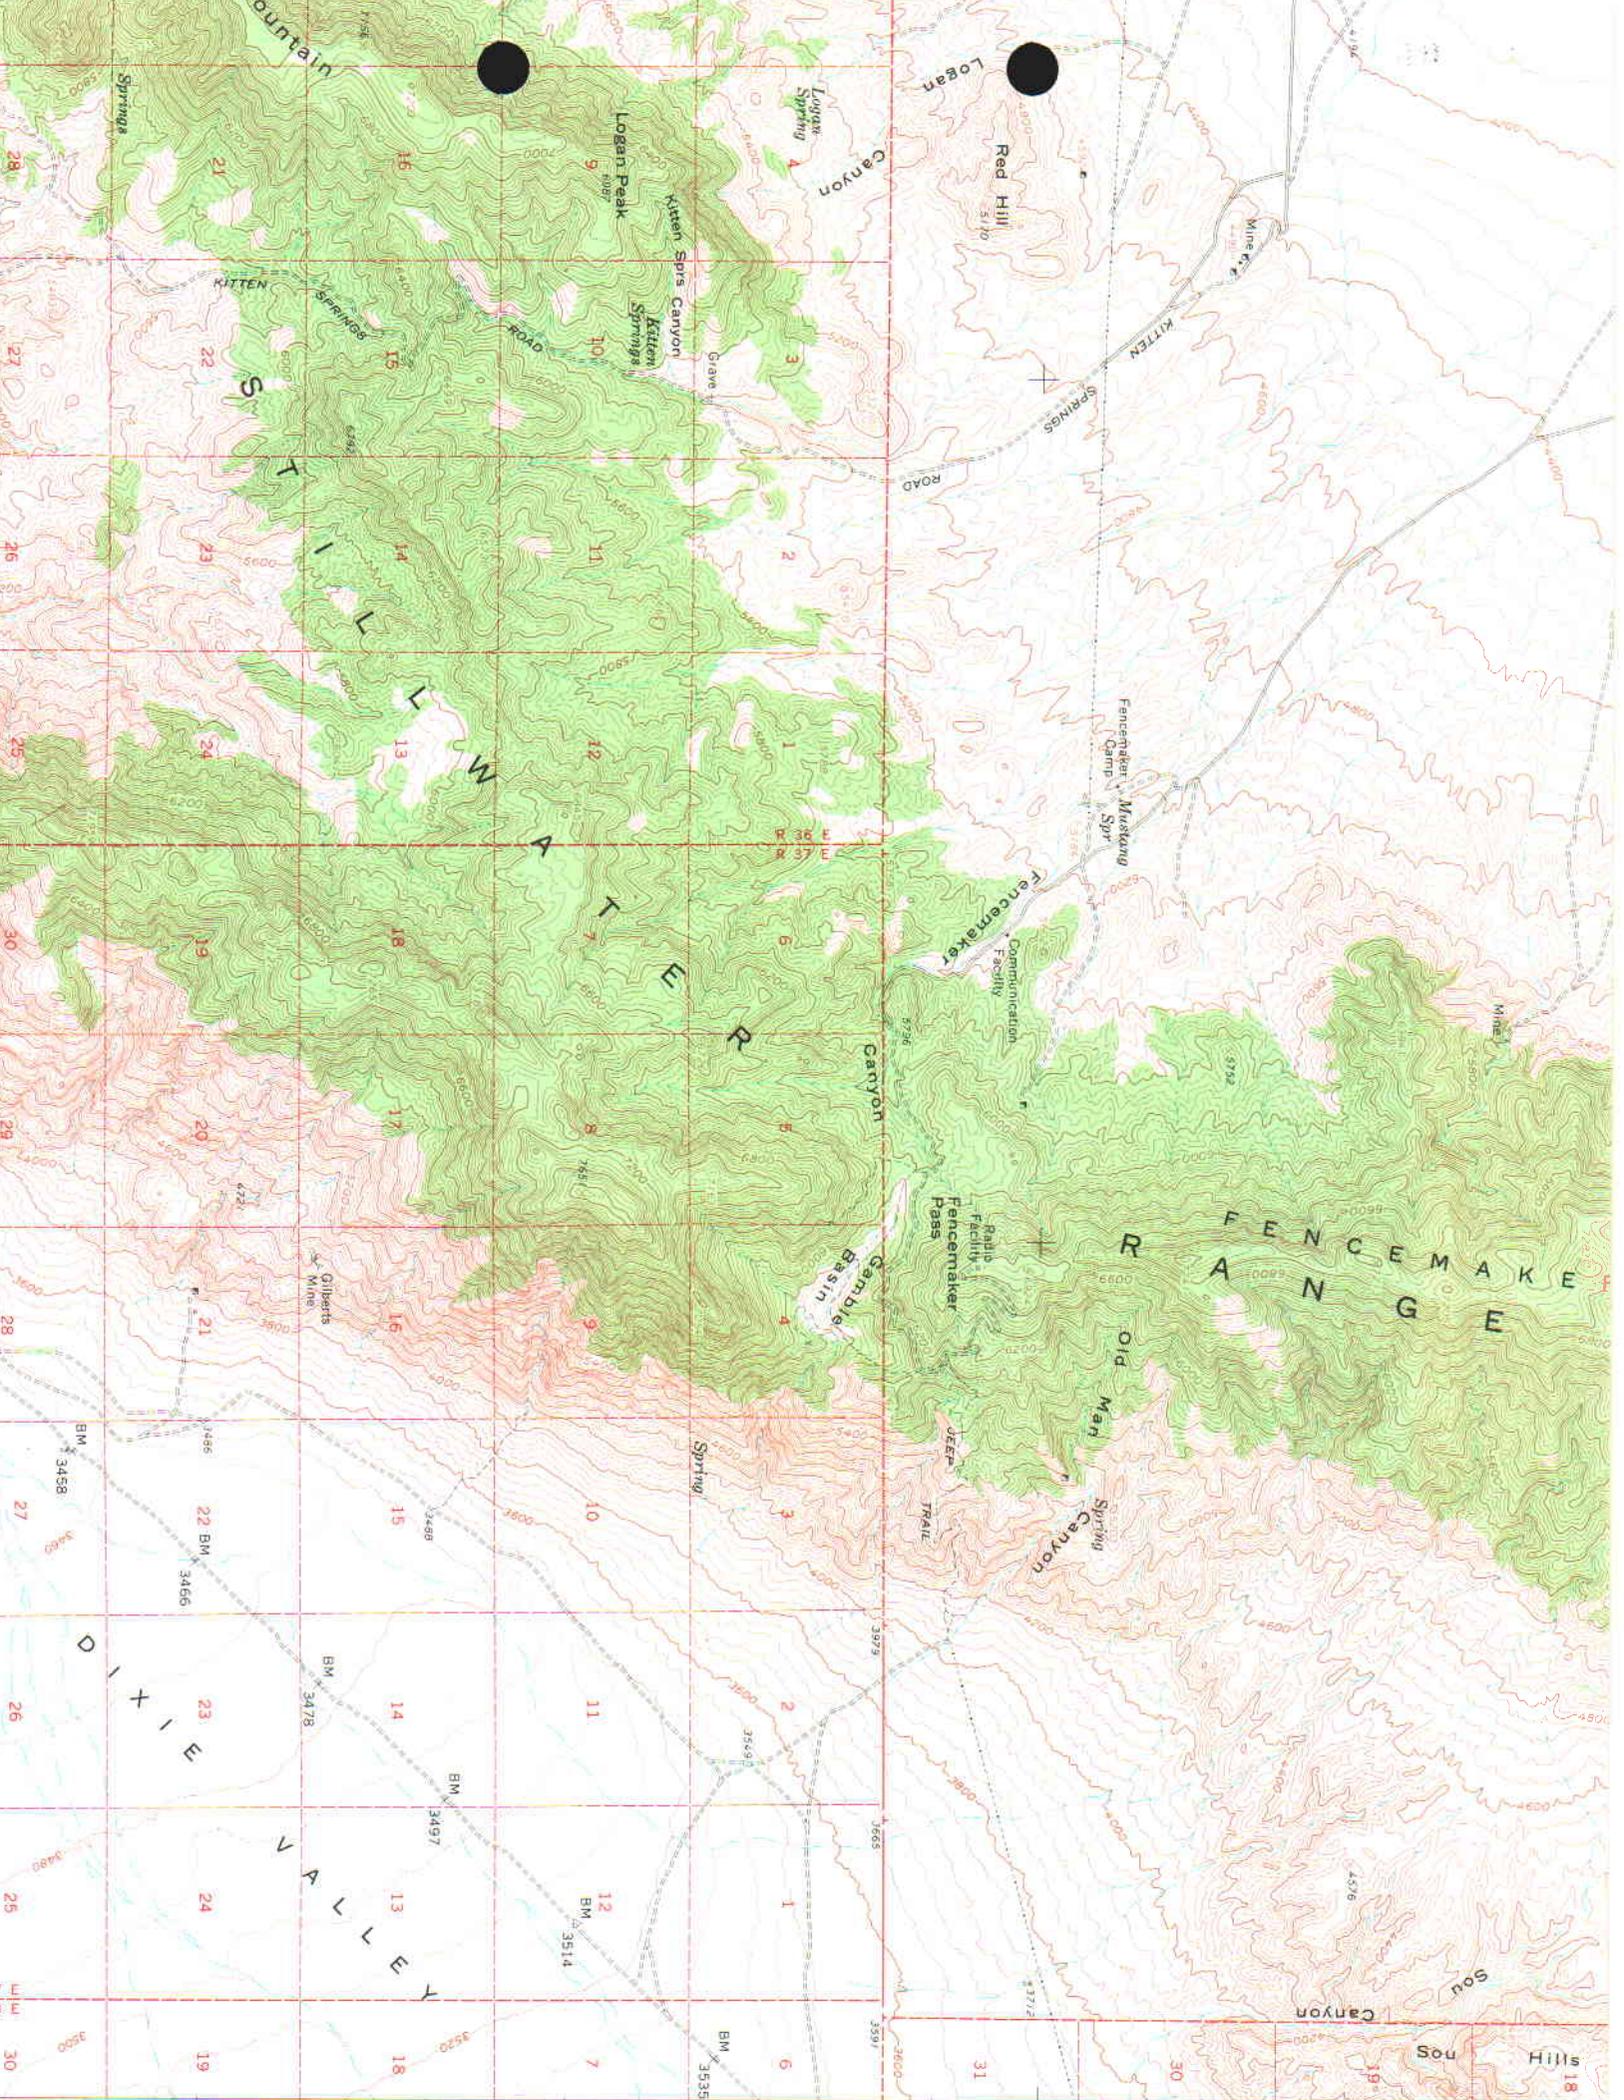

As a representative from the "Permittee" (NEICO) at the Wellington Plant, I have enclosed plans and an Application for Permit Change for the Proposed Dryer Pond Modification. These plans were prepared by Mr. Dan Guy, P.E. in behalf of the new "Operator" (Earthco). The plans should address the above referenced Notice of Violation (NOV) and Cessation Order (CO).

Please contact me if you have questions or comments.

Sincerely,

Patrick D. Collins, Ph.D.
 Environmental Consultant/Resident Agent
