Re: EARTHCO - New Proposed Topsoil Borrow Areas Minor Amendment for the Wellington Preparation Plant, ACT/007/012 #2

Dear Daron:

Enclosed are replacement pages for the above MRP that delineate new proposed topsoil borrow areas. As indicated by the attached C1 and C2 forms, Section 2.41 is replaced entirely with this submittal. Additional soil test pits information as well as consolidating the coarse slurry pile onto the upper slurry pond for final reclamation make this a very realistic plan. After we agree upon the concept, revised bonding calculations will follow immediately thereafter.

Thank you for your expedient review of this amendment. I will call you soon to be sure that you have everything that you need.

Very truly yours,

Tim Thompson, P.E.
Project Engineer
