Re: R645-400-327.100, Extension for NOV 97-41-4-1

Dear Ms. Grubaugh-Littig:

Due to conditions that have been completely out of our control and in an effort to work within the guidelines that DOGM has set, EarthCo would like to utilize R645-400-327.100 which states: "Where the permittee of an ongoing permitted operation has timely applied for and diligently pursued a permit renewal or other necessary approval of designs or plans and such permit or approval has not been or will not be issued within 30 days after a valid permit expires or is required, for reasons not within the control of the permittee". EarthCo at this time is requesting a 30 day extension which would expire on October 22, 1997.

Please forward to the appropriate parties for approval.

Should you have any questions, please feel free to call me at (801) 637-4155.

Sincerely,  
EarthCo
