Re: Applicability of Abandoned Mine Land Reclamation Fees, Nevada Electric Investment Company, Wellington Preparation Plant, ACT/007/012, Folder #2, Carbon County, Utah

On October 20, 1997, I telephoned the financial management section of the Office of Surface Mining in Denver to let them know there is a proposal to mine coal waste, particularly coal fines, at the Wellington Preparation Plant. I spoke with Susan Bell who asked a few questions about what would be happening and who the permittee is. I answered her questions as accurately as possible. She concluded the conversation by saying she would check NEICO on AVS and pursue whatever else needed to be done.
