Re: Annual Report Problems, Nevada Electric Investment Company, Wellington Prep Plant, ACT/007/012, Folder #3, Carbon County, Utah

Dear Mr. Collins:

The Division has completed a review of the hydrologic data you submitted as part of the 1996 Annual Report for the Wellington Prep Plant. The information is considered to be adequate to meet the minimum water monitoring requirements for the annual report, however some reporting problems were identified. Please review the enclosed memo which discusses the problems. This is supplied for your information and hopefully will help you in your future reporting.

Thank you for your help. Please call if you have any questions.

Sincerely,

A handwritten signature in cursive script that reads "Daron R. Haddock".
