Re: Approval of Response to Selected Deficiencies, Nevada Electric Investment Company, Wellington Preparation Plant, ACT/007/012-97B, Folder #2, Carbon County, Utah

Dear Mr. Collins:

The Division has reviewed your April 30, 1997 submittal which addressed two of the deficiencies that were identified in the December 23, 1996 Technical Analysis. The proposed changes adequately address deficiencies R645-301-112.340 and R645-301-420. Your submittal is hereby approved and will be incorporated into the Wellington Plan.

You should be aware that the remaining TA deficiencies have yet to be addressed and the Division is still awaiting your response on them. Your response is due by June 9, 1997.

If you have any questions please call. Thank you for your help in resolving this matter.

Sincerely,

A handwritten signature in black ink that reads "Daron R. Haddock".
