Re: Postmining Land Use Change, Nevada Electric Investment Company, Wellington  
Preparation Plant, ACT/007/012-97E, Folder #2, Carbon County, Utah

To whom it may concern:

The Division of Oil, Gas and Mining has received an application from Nevada Electric Investment Company, permittee for the Wellington Preparation Plant, to change the postmining land use in certain parts of the permit area from "undeveloped land" to "industrial." Copies of the proposal are at the Carbon County Recorder's Office, the Division's Price Field Office in room 115 of the Career Center on the College of Eastern Utah campus, and at the Division's Salt Lake City office at 1594 West North Temple.

Please provide any comments before October 23, 1997. If you have any questions about the proposal, please call me at 801-538-5325.

Sincerely,
