Daron, Joe, Pam,

Dear Joe:

The attached submittal is in response to a DOGM Division Order dated June 22, 1998. It ^{Paul} addresses additional monitoring for the chemical constituents used in the wash plant process to prevent material damage to the hydrologic balance outside the permit area. It also includes a revised Drawing No. T1-9597 showing the disturbed area boundary. If you have any questions, please contact Layne Ashton at (801) 768-4481 or me at (801) 943-4144. Thank you.

Very truly yours,

Tim Thompson, P.E.
Project Engineer
