Dear Mr. Haddock:

*Nov file
ACT/1007/012 #5
Greg Paul*

Mr. Paul Baker of your office informed me last week that due to administrative delays an extension request may be required concerning the abatement for NOV No. N98-41-3-1 by the close of business today. As I have not heard otherwise from Mr. Baker, this letter is to request an extension for the June 29, 1998, abatement date connected with said NOV.

In order to conform with appropriate protocols, I am forwarding this letter to your attention through Mr. Steve Traweek of EarthCo, the resident agent for the permitted site.

If you have any comments or questions, please do not hesitate to contact me at your earliest convenience. I can be reached at either Covol's offices in Price at (435) 637-7685, or in Lehi at (801) 768-4481.

Best regards,

W. Layne Ashton
