RE: 1st Quarter 2000 Wellington Plant (ACT/007/012)

Dear Ms. Grubaugh-Littig:

As you may know, we have been working closely with Ken Wyatt at the Division to submit our 1st Quarter water samples on electronic format. *This information has already been submitted to Mr. Wyatt for his review.* However the water lab has not given us the results for the east side of the Price River (Covol's responsibility). They have promised to supply these data by May 2nd. In this event I have decided to wait to receive this information and finalize the west side's electronic information with Ken Wyatt. I will then supply *all 1st Quarter information at that time.* Please give us an extension until May 15th, 2000 to provide you with all 1st Quarter information formally.

If you have additional questions or comments please contact me.

Thank you,

A handwritten signature in cursive script, appearing to read "Patrick D. Collins".

Patrick D. Collins, Ph.D.
