[REDACTED]-WQ99-4

The email was sent to Vicki Miller reminding her of Water Monitoring data that was absent from the 4<sup>th</sup> Quarter 1999. These were items that were discussed in a December 12, 2000 meeting held in the Price field office. The email was a subtle reminder/request to address the missing data.

**Subject:** Wellington 4th Quarter 1999 Water Monitoring Data

As expressed in our December 12, 2000 meeting, I am trying to 'tie up some loose ends' concerning water monitoring data. Wellington 99-4 is still missing the following data:

SW-2	Field parameters
SW-1	Sample Analysis
GW-3	Sample Analysis
GW-16	Sample Analysis

In the data that Patrick sent in December 2000 there is a copy of correspondence from you to the CT&E lab indicating you were missing the Sample Analysis for SW-1, GW-3, and GW-16. I would appreciate any help you can provide in resolving the status of these few remaining questions.

Thanks
