RE: Extension Request for Abatement Information (N06-37-1-1)  
Wellington Preparation Plant (C/007/012)

Dear Ms. Grubaugh-Littig:

NEICO submitted the required NOV abatement information to the Division **October 23, 2006**. The violation was vacated November 30, 2006. The Division recently sent us a letter (dated **November 8, 2007**) with a deficiency list that requests our response by December 10, 2007. *The deficiency list came nearly one year following the order to vacate the above-cited violation.*

If possible, please extend the deadline for the deficiency list until the Wellington's 2007 annual report is due. If that is not possible, please extend the deadline to sometime you feel more appropriate.

Sincerely,

Patrick D. Collins, Ph.D.  
Resident Agent/Environmental Consultant
