RE: Clean Copies – Wellington Prep Plant(C/007/0012): Minor Track Expansion in the Transloading Area

Dear Mr. Christensen:

Attached please find two (2) "Clean Copies" of Price River Terminal's (PRT) amendment to Wellington's Mining & Reclamation Plan (MRP). The document replaces the ~~Redline/Strikeout~~ version that was submitted to the Division on February 7, 2014. That amendment was conditionally approved pending these clean copies.

Please contact me anytime with any questions or comments. As always, you and your staff's help is much appreciated.

Sincerely,

A handwritten signature in blue ink, appearing to read "Patrick D. Collins".

Patrick D. Collins, Ph.D.
Resident Agent

APPLICATION FOR COAL PERMIT PROCESSING

Permit Change New Permit Renewal Exploration Bond Release Transfer

Permittee: Price River Terminal (PRT)

Mine: Wellington Prep Plant

Permit Number: C/007/0012

Title: Clean Copies of the Minor Trackage Expansion in the Transloading Area

Description, Include reason for application and timing required to implement:
(see cover letter for this information)

Instructions: If you answer yes to any of the first eight (gray) questions, this application may require Public Notice publication.

- Yes No 1. Change in the size of the Permit Area? Acres: _____ Disturbed Area: _____ increase decrease.
- Yes No 2. Is the application submitted as a result of a Division Order? DO# _____
- Yes No 3. Does the application include operations outside a previously identified Cumulative Hydrologic Impact Area?
- Yes No 4. Does the application include operations in hydrologic basins other than as currently approved?
- Yes No 5. Does the application result from cancellation, reduction or increase of insurance or reclamation bond?
- Yes No 6. Does the application require or include public notice publication?
- Yes No 7. Does the application require or include ownership, control, right-of-entry, or compliance information?
- Yes No 8. Is proposed activity within 100 feet of a public road or cemetery or 300 feet of an occupied dwelling?
- Yes No 9. Is the application submitted as a result of a Violation? NOV # _____
- Yes No 10. Is the application submitted as a result of other laws or regulations or policies?
Explain: _____
- Yes No 11. Does the application affect the surface landowner or change the post mining land use?
- Yes No 12. Does the application require or include underground design or mine sequence and timing? (Modification of R2P2)
- Yes No 13. Does the application require or include collection and reporting of any baseline information?
- Yes No 14. Could the application have any effect on wildlife or vegetation outside the current disturbed area?
- Yes No 15. Does the application require or include soil removal, storage or placement?
- Yes No 16. Does the application require or include vegetation monitoring, removal or revegetation activities?
- Yes No 17. Does the application require or include construction, modification, or removal of surface facilities?
- Yes No 18. Does the application require or include water monitoring, sediment or drainage control measures?
- Yes No 19. Does the application require or include certified designs, maps or calculation?
- Yes No 20. Does the application require or include subsidence control or monitoring?
- Yes No 21. Have reclamation costs for bonding been provided?
- Yes No 22. Does the application involve a perennial stream, a stream buffer zone or discharges to a stream?
- Yes No 23. Does the application affect permits issued by other agencies or permits issued to other entities?

Please attach one (1) review copy of the application.

I hereby certify that I am a responsible official of the applicant and that the information contained in this application is true and correct to the best of my information and belief in all respects with the laws of Utah in reference to commitments, undertakings, and obligations, herein.

Wellington Preparation Plant (C/007/0012) Mining & Reclamation Plan Changes & Insertion Instructions

February 26, 2014 (“Clean” Copy)

Price River Terminal, LLC

3215 West 4th Street
Fort Worth, Texas 76107

The following are approved changes to the Wellington Preparation Plant permit along with instructions for insertion to the existing Mining & Reclamation Plan (MRP). This “Clean” Copy amendment replaces the ~~Redline/Strikeout~~ version that was dated February 7, 2014.

1. MRP Insertion Instructions:

- Sec. 5.27, 02/07/14, p. 7-9 of this submittal replaces
 - Sec. 5.27, 11/25/13, p. 7 of the Division’s copy of the MRP

cut, fill embankment, culvert, etc. have been previously described and referenced in this section and shown on: Dwgs. A9-1432, C9-1286, DD-4, E9-3427, G9-3501, G9-3502, G9-3503, G9-3508, 4067-6-9A, 4067-6-17 (Rev.), and 4067-6-17A.

The transloading facility at Wellington will utilize existing roads, most of which are located *outside* the current "Disturbed Area", or those bonded areas that have been designated as such by the Division because of their previous mining and reclamation activities.

Onsite road and rail track maintenance are the first activities planned for the new operations at the Wellington site. With some minor exceptions, the road maintenance will primarily be on those roads *outside* the current Disturbed Areas. The maintenance planned will include brush removal, re-grading, widening and placement of road base and/or gravel.

If the roads were to be damaged by a catastrophic event, such as a flood or earthquake, the road will be repaired as soon as practical after the damage has occurred.

The track maintenance, however, will be conducted *within* the above-mentioned Disturbed Areas. This maintenance will essentially be limited to rail tie and ballast reinforcement work. Additionally, to increase efficiency of transloading operations, PRT has planned some relatively minor railroad track expansion. A figure showing the existing track (in red) as well as the proposed expansion (in blue) has been provided below.

PRT has planned their transloading facility in phases. Phase 3 includes some minor track expansion.

Existing RR Owned Trackage
Proposed RR Owned Trackage - Phase 1
Proposed RR Owned Trackage - Phase 2
Proposed RR Owned Trackage - Phase 3
Proposed RR Owned Trackage - Phase 4

REVISION #	BY	DATE	DESCRIPTION
001	ALV	February 3, 2014	Initial Trackage to Serve
002	ALV	February 3, 2014	Phase 1 Trackage to Serve
003	ALV	February 3, 2014	Phase 2 Trackage to Serve
004	ALV	February 3, 2014	Phase 3 Trackage to Serve
005	ALV	February 3, 2014	Phase 4 Trackage to Serve

To summarize the rail expansion shown in the figure, the new tail track at the west end is approximately 650 ft, the additional loading track parallel to Track 714 is 1,500 ft, and the connection track between Tracks D and H is 500 ft. This expansion represents only an 8.5% increase in trackage owned by PRT. For additional site location information, refer to the Permit Area – Facilities Map (Dwg. E9-3341).
