Re: Extension of Midterm Permit Review Deadline, UtahAmerican Energy, Inc., Horse Canyon Mine, ACT/007/013, Folder #3, Carbon County, Utah

Dear Mr. Marshall:

Your request for an extension of time to respond to the midterm review issues is hereby approved. You now have until March 10, 1999 to provide the needed information. As a reminder the two items identified in the review that require your further attention are;

1. The drainage designs for handling runoff from the main surface facilities area (buildings) are inadequate and need to be revised.
2. There are substitute soil resources and fill materials available within the permit area that need to be identified and used during reclamation of the portal area.

Thank you for your help in completing these requirements.

Sincerely,

A handwritten signature in cursive script that reads "Daron R. Haddock".

Daron R. Haddock
Permit Supervisor
