Hello Ms. McGee,

RE: Post Mining Land Use Change Task #1630

On July 11, 2003, the Division of Oil Gas & Mining received a request from UtahAmerican Energy Inc.(UEI) to change the post-mining land use at Horse Canyon from wildlife to residential/recreational for 16.18 acres at the Horse Canyon Mine site. This land is under the surface ownership of UEI.

Susan White mentioned your interest in the application, so I wanted to let you know that the application was forwarded to your office in care of Jim Fulton on 7/29/2003. The application describes the change of post mining land use and adds Appendix X-4 and changes page X-16 of Chap X, vol IV of the Mining and Reclamation Plan.

The Division's deadline for review of this application is August 18, 2003. We would be pleased to have your comments on the matter at that time as well. I am acting as the Division's Team Lead on this review. If I can be of assistance to you, please let me know. Please refer to Task #1630 in your comments on the application.

Sincerely,
Priscilla Burton

Priscilla Burton, Review Team Lead
