Dear Ms. Grubaugh-Littig:

This is to notify you that UtahAmerican Energy, Inc. will be submitting our Response to the April 8, 2003 TA on or about February 27th 2004.

We are currently waiting on three things.

- 1) The results from the new vegetation inventory, requested by DOGM. Dr. King has committed to having it complete January 24th, 2004.
- 2) The detailed road design requested by DOGM, is being done internal and is nearly complete.
- 3) The required hydrology modeling will be done by Tom Suchoski formerly of EarthFax Engineering.

I am confident that a complete submittal will be ready for the February 27th self imposed deadline.

Should you have any questions please call.

Sincerely,

R. Jay Marshall
 R. Jay Marshall
 Project Engineer
