Subject: Horse Canyon Water Sampling

Hi Pam:

Dave Darby talked to me today about UEI's request to drop some water monitoring at Horse Canyon. UEI did submit a request and DOGM responded by requesting changes in the MRP. The changes would involve some considerable resources from UEI and the Division to review. UEI will wait until after Phase III release to again request suspension of water monitoring at Horse Canyon. If you need something in writing other this email please let me know. Second quarter samples were collected.

If you have any questions please call.

Thanks

R. Jay Marshall
