RE: *Division's Proposed Supplemental Survey Requirements – Lila Canyon Extension, UtahAmerican Energy, Inc., Horse Canyon Mine C/007/0013*

Dear Mary Ann and Pam:

On behalf of UtahAmerican Energy, Inc. ("UEI"), this letter confirms that UEI accepts the supplemental cultural survey requirements specified in the August 15, 2006 attachment to the Division's letter dated August 16, 2006. UEI has retained Montgomery Archeological Consultants ("MOAC") to complete the cultural survey regarding the Lila Canyon Extension. MOAC is available to conduct the survey during the week of September 11, 2006. We would appreciate the Division's confirmation that the survey requirements are those outlined in the August 15, 2006 attachment and that there are no further revisions to these requirements.

As confirmed in our letter dated August 28, 2006, MOAC has previously surveyed a significant portion of Section 13, Township 16 South, Range 14 East in connection with an unrelated project. This survey, State No. U-04-MQ-1107b, resulted in the identification of no cultural resources and will be provided to the Division.

Please let me know if MOAC is authorized to proceed with a supplemental cultural survey during the week of September 11, 2006. We appreciate your assistance in this matter.

Very truly yours,

Denise A. Dragoo
