Subject: letter

Hi Diana,

We sent out the informal consultation letter to your office yesterday.

I happened to notice that there is a typo and thought I'd bring it to your attention that we will be sending out a corrected letter tomorrow.

What you will see in the first letter:

Division's Determination of Effects

The Division requests concurrence.....and that there will be "no effect" on the threatened or endangered species listed for Emery County with the exception of the Colorado River fish.

What you will see in the corrected letter:

The Division requests concurrence... and that there will be "no effect" on the **OTHER** threatened or endangered species listed for Emery County with the exception of the Colorado River fish.

Hope this is clear.
