What is the issue? I am going through the packet she sent company by company, finding all discrepancies, then emailing each list of discrepancies and the OFT to Pam so that she can work with the company to resolve the discrepancies. I did offer to work directly with the company.
Should I be doing something differently?

Guess I'm not sure what the issues are. Have you been working with Linda Keene on this? If so, I need her to brief me before I can help.
Thanks
