Jerriann,

Thanks for forwarding the latest version. BLM still has issues that need to be resolved before the agreement can be finalized for signature. We are concerned that a number of the changes we had suggested in our April 4 submittal had not been incorporated into the agreement. As we indicated, these changes needed to be made in order for BLM to continue as a signatory to the document. We had hoped to be able to meet with the Division to address our concerns in order to help you understand why we felt our edits were necessary. In addition to our concerns with the basis for the agreement, the document, as it now stands, contains provisions and requirements that cannot be reasonably performed on the ground. Further, before BLM can sign the agreement, the "whereas" clauses we had identified for removal need to be removed. If the Division still wants BLM to be a signatory to the document, we should meet to discuss and resolve our concerns. Please let Steve Rigby or Jeff McKenzie know when and if you want to meet to address these issues.
