Steve Rigby called to let us know you left a phone message late yesterday on his phone.

He said you expressed concern that:

- 1) No one except Jim Kohler had responded to your request for comments, and
- 2) What Jim had e-mailed was unclear.

I just spoke with Jim in Washington.

Here are answers to your questions:

- 1) Jim provided a written response in the e-mail below for BLM. This includes response comments by myself and Steve Rigby.
- 2) In summary; the comments provided previously by BLM were not incorporated in this latest

DRAFT version (except for a form item of reducing a repeated description). For example: needed changes in the "Whereas" clauses were not incorporated.

3) The present DRAFT version of the PA cannot be signed by BLM.

4) BLM is ready to discuss the issues at any time in any of the following ways or any appropriate others you propose:

- a- Steve Rigby, Julie Howard, and I can go to your offices or meet by conference call.
- b- Jim Kohler (and Kent Hoffman) are available by phone today (539-4037) or in person when they return.
- c- The BLM conference bridge line is available for all parties to join in a call.

I will call to answer any questions or provide any needed clarification.

Jeff M.

Please note as an on-the-ground example:

This statement below; "...contains provisions and requirements that cannot be reasonably performed on the ground"

refers in part to the requirement to record 6 inches of vertical or horizontal ground movement. Present and foreseeable photogrammetric technology does not provide for this level of detail. That is the reason we specified visual sightings.

Jerriann,

Thanks for forwarding the latest version. BLM still has issues that need to be resolved before the agreement can be finalized for signature. We are concerned that a number of the changes we had suggested in our April 4 submittal had not been incorporated into the agreement. As we indicated, these changes needed to be made in order for BLM to continue as a signatory to the document. We had hoped to be able to meet with the Division to address our concerns in order to help you understand why we felt our edits were necessary. In addition to our concerns with the basis for the agreement, the document, as it now stands, contains provisions and requirements that cannot be reasonably performed on the ground. Further, before BLM can sign the agreement, the "whereas" clauses we had identified for removal need to be removed. If the Division still wants BLM to be a signatory to the document, we should meet to discuss and resolve our concerns. Please let Steve Rigby or Jeff McKenzie know when and if you want to meet to address these issues.
