Re: UtahAmerican Energy, Inc. Horse Canyon Mine 08-001 C/007/013. Revision reflecting the detailed design of the surface facility at Lila Canyon

Dear Mr. Haddock,

Attached you will find two (5) copies of revision 08-001 which reflects the changes in the surface of Lila as a result of the detailed design.

The perimeter of disturbed area remains the same at 42.6 acres. The islands of undisturbed have been reduced resulting in the number of undisturbed within the disturbed decreasing from 33.9 to 25.3

The number of pads remain the same but the locations have been changed. The material storage pad is now the bathhouse pad, the bathhouse pad is now the coal pile pad, and the coal pile pad is now the material storage pad.

As a result of the above changes most maps were revised reflecting the changes.

C1 and C2 forms and CD's are included.

Should you have any questions please call.

Sincerely,

R. Jay Marshall
