You're welcome. The BLM called me however, and they may not let them continue construction through the nesting period (or lambing). No decisions have been made yet (to my knowledge) but their requirements may be stricter than yours.

Hey,
Just wanted to take a moment to thank all those who helped pull together the Lila Canyon Mine Golden Eagle & RM Sheep Implementation Plan.

Denise Drago, attorney for the mine, called the other day and thanked us for being very clear as to what to expect for the remainder of this exclusionary year for the two species.

Once again, thank you.
