Re: UtahAmerican Energy, Inc. Horse Canyon Mine 09-003 C/007/013. Response to Deficiencies Task ID #3017 Surface Design Changes Lila Canyon Mine

Dear Mr. Haddock,

Attached you will find two (3) copies of revision 09-003 which responds to the deficiencies in the surface design change submittal.

The perimeter of disturbed area remains the same at 42.6 acres. The islands of undisturbed have been reduced resulting in the number of undisturbed within the disturbed decreasing from 33.9 to 25.3

The number of pads remain the same but the locations have been changed. The material storage pad is now the bathhouse pad, the bathhouse pad is now the coal pile pad, and the coal pile pad is now the material storage pad.

C1 and C2 forms, redline strikeouts, and CD's containing the complete submittal are included.

Should you have any questions please call.

Sincerely,

R. Jay Marshall  
Chief Engineer/Project Manager
