DECISION

UtahAmerican Energy, Inc.	:	Coal Lease
794 N. "C" Canyon Road	:	SL-066490
P. O. Box 910	:	
East Carbon, UT 84520	:	

Bond Increase Required

Pursuant to the decision dated September 22, 2002, UtahAmerican Energy, Inc. was assigned coal lease SL-066490. In accordance with the acceptance of that assignment of coal lease and pursuant to a decision dated February 16, 1999, UtahAmerican Energy, Inc. filed with the Utah State Office of the Bureau of Land Management a lease surety bond in the amount of \$8,000 to cover coal lease SL-066490.

Regulations at 43 CFR 3474.2 allow for the amount of any bond to be increased/decreased when additional/less coverage is determined to be appropriate. The Utah State Office, in conjunction with the Price Field Office, is requiring that your bond for coal lease SL-066490 be increased by \$112,000 based on the anticipated three months royalty production requirements for this lease.

This bond amount may be provided by increasing the present bond by \$112,000, by submitting an additional new bond in the amount of \$112,000 or by submitting an entirely new bond for the whole bond amount of \$120,000. Enclosed are forms for submitting a new surety bond or a new treasury note or cash in lieu of bond. If you do not agree with the bond amount, you must submit written justification to this office clarifying your position for a lesser bond amount.

A compliance period of 30 days from the receipt of this decision will be allowed to submit the above bond.
