Hi Jay,

I reviewed the Reclamation Agreement for Lila (42.6 acres) and the Reclamation Agreement for what is left at Horse Canyon (.49 acres), it looks like we do have all of the paperwork in place that we need. Thank you so much!

Angela:

I spoke with Daron about the forms and there was some questions about if we need them or not since we have a reclamation agreement at Lila and that should cover anything left in Horse Canyon.

Would you please check with Daron and if we do need the signed paper work would you please send me another copy?

Thanks.

Jay

Hi Jay,

In December I mailed you an updated Exhibit "D" - Stipulation to Revise Reclamation Agreement and an Exhibit "A" - Bonded Area. I have not yet received a completed/signed copy of these exhibits to reflect the new bond amount and bonded area for the Horse Canyon Mine as a result of the Phase III Bond Release. Please complete and sign the documents and return them to me as soon as possible.

Thank you,
