Jay,

I am still waiting to hear back from you on my June 23 request to set up a call to discuss precipitation data reporting in annual reports. Please let me know when we can schedule this call. Pete, Jim,, and I would like to participate from the Division.

Also: Horse Canyon water monitoring data have not been entered into the Division's database for 1st Qtr 2010. Please let me know whether you are encountering technical difficulties entering the data, or what your anticipated schedule is for getting these data uploaded.

Thanks,  
Kevin
