Jay, Dana:

I understand that sampling has been performed at Quaker Spring since 2nd Q 2010 as a result of the spring reconnaissance performed with Water Rights in June. The 2nd Q 2010 data for permit C0070013 have been uploaded into the Division's water database, but I do not see results for Quaker Spring. Can you please check your records to see if the data for Quaker Spring were uploaded, or if these data have yet to be entered. I am available to help if you have any problems with the database.

Thank you,
Kevin
