Re: UtahAmerican Energy, Inc. Lila Canyon Mine, ACT/009-013, Response to Annual ReviewCompletion

Dear Mr. Haddock,

Please find attached five (6) copies of the response to the deficiencies for the 2010 annual review.

C1 and C2 forms are included.

If you have any questions please give me a call.

Sincerely,

R. Jay Marshall P.E.
Project Manager / Chief Engineer
Lila Canyon Mine

DIV. OF OIL, GAS & MINING

ASSIGNED TRACKING NUMBER

Response to 2010 Annual Report Review
Task ID #3804
7/28/2011

In accordance with R645-301-521, -525.240 please resubmit the mine workings map including the five-year mining projections for incorporation into the M&RP.

Plate 5-5 has the 5 year timing requested. An updated Plate 5-5 was submitted for incorporation in the permit on 6/28/11 with the Chapter 7 water monitoring deficiency response.

Please resubmit the updated ownership and control information prepared for incorporation into the M&RP.

The updated ownership and control information is being submitted for incorporation into the MRP.

Plate 5-2, as contained in the approved MRP (Incorporated on December 9, 2010) labels "AREA BETWEEN ROADS DISTURBED, BUT NO TOPSOIL STRIPPED" This designation is not listed as item #37 on the Mine Facility List, which is located in the lower left corner of Plate 5-2.

The items listed in the lower left corner are mine facilities, it is really not appropriate to list an area where topsoil will not be stripped in the mine facility list.

The Topsoil Removal Map dated February 2010 and included in the 2009 Annual Report shows an undisturbed area immediately north of the coal stockpile pad and warehouse storage pad and an "Area between roads disturbed but not topsoil stripped," east of the warehouse pad. Pete Hess recalls that topsoil was salvaged from the area to the north in 2010. Priscilla Burton recalls that the topsoil and subsoil was cut from the area to the east for the construction of bent structures in 2010. The Permittee has recently submitted a map shows a cat trail across the area. Please revise the soil salvage records and provide an update to the 2010 Annual Report table of volumes for soil salvaged during 2010 and include a revision of the Topsoil Removal Map.

This was corrected and submitted on 6/10/2011 for incorporation into the 2010 Annual Report.

The information on the raptor survey map does not coincide with the two sets of data included in the Annual Report. The two sets of data also need to be clarified. The Permittee also needs to submit the follow up survey data for the active peregrine falcon nest.

The Permittee does not intend on performing a follow up survey. Nothing in the approved MRP or regulations require a follow up survey. If the Division is going to require followup surveys they need to go through the proper rule making procedures.

UEI's consultant EIS (Matt Supersteinni) will call the Division to Clarify.

There are no calculation for 2010 water depletion for the CO River Endangered Fish Recovery Program included in this Annual Report.

The 2010 water depletion calculations can be found in the submitted 2010 annual report immediately following the raptor inventory information.

The Permittee needs to submit the Vegetation Test Plot monitoring data for 2010. The data needs to be submitted in accordance with R645-301-131 and 132.

The pond was seeded in July and October of 2010. Information will be submitted in the 2011 report as per Section 354 of the Approved MRP.
