Subject: Return of Clean Copies for Ventilation Breakouts, UtahAmerican Energy, Inc., Horse Canyon Mine, Outgoing File, C/007/0013, Task ID #3705

Dear Mr. Marshall:

The above-referenced amendment was conditionally approved on December 9, 2010 upon receipt of six clean copies prepared for incorporation. The requested clean copies and an associated C1/C2 form received by the Division on December 29, 2010 only included revisions prepared in response to our December 8, 2010 deficiency letter and did not include material from the original submittal received November 9, 2010 (Task ID# 3669). The Division has therefore found your submittal to be incomplete and is now returning it to you for correction.

Please submit six clean copies and associated C1/C2 forms for the entire application by February 10, 2011. A stamped incorporated copy of the approved plans will also be returned to you at that time, for insertion into your copy of the Mining and Reclamation Plan. This modification does not necessitate an update to the Technical Analysis.

If you have any questions, please call me at (801) 538-5262.

Sincerely,

James D. Smith  
Permit Supervisor
